## REPLACEMENT OF CHURCH DOORS

The church entry/exit doors which have given us such good service for 70 years are non-compliant with current health and safety regulations. They need to be replaced. At the moment, they must be kept open during mass and at any time when there is activity in the church. This can make the church uncomfortable for some in extreme weather .

Every contribution you make will help us to raise the necessary funds, you can donate by using envelopes provided for cash donations that are available in every Church entrances, by clicking below link or through QR code.
